VOIP PHONE SYSTEMS & SERVICES

Modern voice solutions that reduce costs and increase reliability. Our easy-to-use, cloud-based VoIP platform keeps your team connected across all departments with simple flat-rate voice packages.

E-FAX SERVICES

Securely send and receive faxes from any device—no fax machine required. Our HIPAA compliant solution helps teams stay productive and audit-ready, while eliminating outdated hardware and unnecessary costs.

MOBILE DEVICE MANAGEMENT (MDM)

Protect your facility's mobile fleet. We track, update, encrypt, and remotely manage all corporate devices, ensuring staff have secure access to what they need—without exposing your network to unnecessary risk.

DATA CIRCUITS & REDUNDANCY

Reliable internet is a must. We deliver dual high-speed data circuits with fiber-backed redundancy to ensure your operations stay online, even when one line goes down.

TV & RESIDENT ENTERTAINMENT

Make your residents feel at home. Offer the quality entertainment your residents want at the affordable prices you need.

Why ProCern Telecom?

- One point of contact for all telecom needs
- Eliminate billing errors and reduce runaround
- Reduce telecom spend with expert negotiation
- Free up internal staff to focus on care
- Improve service reliability across your facility
